The structure required for the pitch deck is the following:

- **Tagline:** *using the company's value proposition*
- **Problem:** *what is the problem we are trying to solve? What is the context?*
- **Solution:** *what is our proposed solution?*
- **Product/service:** *how does it work? what are its benefits?*
- **Market size:** *what is the potential demand for our product/service?*
- **Business Model:** *using business model canvas principles on sales channels, revenue streams, cost structure, key partners*
